WORK EXPERIENCE

DTDC Express Limited **Aug'23 – Sep'24**

Designation	*AGM - Finance & Accounts*

- **Financial Reporting & Book Closure**: Ensured the accuracy, completeness, and timeliness of **monthly financial reporting**, including the closing of books and the completion of multiple internal, external, and corporate-required reports. Prepared **Finance MIS decks** to enhance visibility over monthly reporting, providing specific callouts for **security deposit aging**, **vendor aging**, and other critical metrics.
- **P&L Review & Cost Optimization**: Conducted in-depth reviews of **Monthly P&L statements** and performed flux analysis to document major variances, identifying areas for improvement. This proactive analysis led to significant cost savings in air coloading by shifting costs from agents to direct loaders, contributing to overall financial efficiency.
- **Audit Coordination & Annual Report Preparation**: Actively liaised with auditors to finalize deliverables, coordinate documentation, and provide necessary explanations for both country-specific and annual group audits. Ensured the timely closure of both **statutory and tax audits** for standalone and consolidated financials. Contributed to the successful preparation of the company's **Annual Report**, ensuring accuracy and completeness.
- **General Ledger & IND AS Compliance**: Managed and meticulously reviewed **General Ledger accounts** with documented evidence, ensuring accuracy and adherence to accounting standards. Reviewed **IND AS workings** to confirm accurate financial reporting in the books, identifying and correcting discrepancies as needed.
- **AP Management & Vendor Oversight**: Took on additional responsibilities as **AP Head**, overseeing key areas such as aging, reconciliations, GRIR cleanups, and accruals. Conducted comprehensive monthly reviews of advances paid to vendors, including detailed category-wise analysis, and spearheaded efforts to recover security deposits for closed premises by collaborating with the admin team to enforce strict actions.
- **Process Automation**: Played a crucial role in developing **BOT software** that automated the posting of entries directly into SAP via the **Invoice Management Portal (Dice)**, significantly improving operational efficiency.
- **Tax Compliance & Risk Mitigation**: Assisted the tax team in preparing **Direct Tax MIS**, advance tax workings, and responses to tax notices, successfully mitigating risks and avoiding unnecessary interest and penalties.
